## Letter from the ED

This month we will be celebrating National Assisted Living Month starting the 12<sup>th</sup> thru the 18<sup>th</sup>! The national theme this year is Living Life.

*"Living life means participating in activities that you enjoy and pursuing your passions, whatever they may be! It means never stopping the process of discovery or mastering talents. It means sharing your history and teaching others what you have learned. It is a lifelong pursuit of happiness and growth. We all want to live life to the fullest, no matter how old or young we are." - The National Center for Assisted Living*

Assisted living communities around the country are celebrating residents and how they have continued to inspire their community. Join this year's National Assisted Living Week celebration and let's live life together!
